

RUTH EVA ANGELIA

081346280481 | ruthevaangelia07@gmail.com

A fresh graduate from Gadjah Mada University bachelor of Animal Science who enjoys learning and exploring new things, trained with a learning target with satisfactory results by obtaining a GPA of 3.79 and can finished her study in 3.8 years. I have interested in research and development especially in product development. During my studies, I have undertaken research projects related to product development. This experience makes me an individual who has good communication skills, can work together in a team, has the ability to record data, analyze data, and present data, and the ability to solve problems. Moreover, participating in multiple organizations and courses has sharpened my leadership, communication, teamwork, analytic skills, problem solving, and adapting skills.
