PROFILE SUMMARY

I am graduated bachelor's student at Universitas Gadjah Mada, Faculty of Animal Science and Industry. I have experience as a laboratory assistant of Animal Physiology and Reproduction Laboratory, Faculty of Animal Science and Industry UGM. I had an internship program at PT. Ciomas Adisatwa with a focus on Quality Control an Hazard Analysis Critical Control Point. I also hold certificates in Quality Control in the Food Industry, Quality Assurance in the Food Industry, GMP (Good Manufacturing Practice), HACCP (Hazard Analysis and Critical Control Points), ISO 22000:2018, and FSSC 22000 Version 6.0 in 2023. I have been to join many events, faculty organizations, volunteers and sosial projects. From the various activities that I participated in, I learned about discipline, time management, team work, working with professionals, leadership and responsibility. I am also a fast learner, adaptable, hard worker an excited to learn new skills. I am interested in quality control, food processing, laboratory analyst, administrative and production.. I believe that life is a learning process, so itry to always learn and do my best in everything.
