SUMMARY

Recent graduate with a Bachelor's in Animal Husbandry (Animal Nutrition) from Brawijaya University, highly skilled in proximate and Van Soest fiber analysis (NDF/ADF), and in vitro digestibility. Seeking a Feed Formulator or Nutrition & Production Analyst position where I can apply my expertise to develop effective feed formulations and track critical metrics like FCR, IP, and ADG to drive improved animal performance.

EXPERIENCE

Faculty Research Assistant 05/2023 - 05/2024
Brawijaya University

- Conducted proximate and Van Soest (NDF/ADF) analyses on 48 feed samples to determine nutritional quality for a faculty research project.
- Evaluated the digestibility of elephant grass intercropped with the legume Clitoria ternatea using in-vitro digestibility tests (DMD and OMD).
- Managed and validated laboratory analysis data to ensure accuracy and support research conclusions.

PKL 06/2023 - 07/2023
UPT dan HMT Malang

- Involved in formulating and producing 2.4 tons of livestock feed per day to meet the nutritional requirements for a herd of 40 Friesian Holstein (FH) dairy cattle and 392 Kaligesing goats.
- Conducted daily maintenance and milking of Friesian Holstein dairy cattle and Kaligesing goats to maintain herd health and production targets.
- Assisted in recording dairy goat data, including milk production, reproduction, and health records, at UPT and HMT Malang.
- Participated in the processing of dairy products, including yogurt, kefir, ice cream, and milk candy.

Magang 01/2023 - 02/2023
Kaji Brewok Farm

- Conducted maintenance and milking of Kaligesing goats
- Involved in formulating and producing livestock feed at Kaji Brewok Farm

EDUCATION

Animal Science 08/2020 - 01/2025
Universitas Brawijaya - Bachelor
Bachelor's degree in animal science, 3.51/4.00

CERTIFICATES

Microsoft Office Desktop Application 07/2024 - Present
Trust Training Application
