PROFILE

Bachelor of Science in Biology with a strong interest in scientific research, laboratory analysis, and environmental conservation. Detail-oriented and systematic through academic experience and research projects. Possesses critical and analytical thinking skills, with a high passion for continuously developing knowledge in biology and its applications.

EDUCATION

2021 - 2025 | Universitas Advent Indonesia

- Bachelor of Science in Biology | GPA : 3.68 / 4.00

INTERNSHIP EXPERIENCE

Science Teaching Intern | SD Advent Parongpong Bandung

September - December 2023

- Assisted in designing and delivering engaging and comprehensible science lessons for elementary students.
- Developed interactive teaching methods to enhance student interest and understanding of basic biology and science concepts.
- Conducted simple practical activities involving students to strengthen theoretical learning.
- Supported the lead teacher in assessing student progress through observation and task evaluation.

Field Work Internship | FMIPA Laboratory, Universitas Advent Indonesia

September - December 2024

- Performed routine checks and inventory of chemicals and laboratory tools to ensure availability and usability.
- Managed lab usage administration by reminding and supervising students to fill out the logbook completely and accurately.
- Coordinated with lab staff for procurement of supplies and equipment to maintain smooth lab operations.

ORGANIZATIONAL EXPERIENCE

Secretary of FMIPA Student Association | 2023-2024

- Managed structured and timely administration and documentation of organization activities.
- Took meeting minutes and distributed key information to members.
- Scheduled organizational activities and ensured timely execution.
- Compiled monthly and annual reports for evaluation and accountability purposes.

FMIPA Field Study Committee | 2024

- Actively involved in planning and executing the faculty's field study activities.
- Coordinated with related parties, such as site locations and service providers, to ensure smooth events.

Orientation and Campus Introduction Committee (OSPEK) | 2024

- Designed attractive decorations aligned with the OSPEK theme to create an enjoyable and supportive atmosphere.
- Collaborated with other divisions to ensure decorations supported smooth and safe event execution.
- Applied creativity in selecting materials and decoration designs while considering budget constraints.
- Helped welcome and guide new students during the orientation period.
