## SUMMARY

Bachelor of Chemical Engineering from Islamic University of Indonesia with a strong knowledge of the fundamental chemical principles and engineering required to manufacture high quality chemicals. Skilled in chemical simulation and design software. Able to perform chemical calculations and analysis as well as data processing. Have practical experience in product development, data analysis, production process in PT. Pelat Timah Nusantara, Tbk and laboratory research when i was in college. Interested to work in the industrial processes, production and research in the chemical industry to implement best practices in the development, planning, testing, and processing of chemical processes.

## EDUCATION

Bachelor of Chemical Engineering

Islamic University of Indonesia (UII) Sleman, Special Region of Yogyakarta

GPA 3.26/4.00

Sep 2017 - Feb 2023

## EXPERIENCE

Production Staff

PT. Pelat Timah Nusantara (Latinusa), Tbk. Cilegon - Banten

Mar 2020 - Apr 2020

Internship Program

- Learn the production process of making tinplate, process equipment, utilities, and waste treatment
- Learn to manage the daily production schedule, ensuring that products were produced in a timely and cost-effective manner
- Carry out the production process with quality standards in accordance with Standard Operational Procedures
- Assisted senior engineers in conducting maintenance and analyzing data
- Managing mass balance data on the *tin dissolving reactor*

## ORGANIZATIONAL EXPERIENCES

Catalyst 2019 (Chemical Engineering Sports and Entertainment events) - Head of the event division

- Responsible for managing a team of event planners, coordinators, and support staff.
- Carry out delegating tasks, providing feedback, and ensuring that everyone is working together effectively.

PETA FTI UII 2019 (Pekan Ta'aruf) - Staff Publication and Documentation

- Manage and create Instagram post ideas
- Responsible for posting all activities on the official Instagram and uploading event videos on YouTube.

## CERTIFICATIONS

- Quality Control in Food Industry by Makin Ahli - July 2023
- Quality Assurance in Food Industry by Makin Ahli - July 2023
- GMP (Good Manufacturing Practices) by Makin Ahli - June 2023
- HACCP (Hazard Analysis and Critical Control Points) by Makin Ahli - June 2023
- ISO 22000:2018 (Food Safety Management System) by Makin Ahli - June 2023
- FSSC 22000 VERSION 5.1 (Food Safety System Certification) by Makin Ahli - June 2023
- BRC Global Standard for Food Safety Issue 9 by Makin Ahli - June 2023
- Basic Aspen Plus Training by Teknik Kimia UII - July 2020
- Student Softskill Development by FTI UII - October 2018

## PUBLICATIONS

- *Journal of 14th Internal Seminar Of Chemical Engineering Students - UII (ISHCHES-UII), 2021*  
Activated Carbon from Ketapang Seeds and Skins with Activation Using Steam

## ENGLISH PROFICIENCY

English Proficiency Test (Score : 544)

Center for International Language and Culture Studies - Islamic University of Indonesia (CILACS UII)

## SKILLS

- **Hard Skills** : Proficient in Microsoft Office (Word, Excel, Visio), MATLAB, and AutoCAD
- **Soft Skills** : Strong analytical, Problem-solving, Leadership, Ability to work independently or as part of a team, Excellent communication and interpersonal skills
