Summary

I have been working in the poultry slaughter house for about 5 years. I was appointed as logistic head and marination supervisor in my first company then I was appointed as sales admin in the second company. I gained lots of experience during that period, I have developed skills in logistic area and also in the production area. I am confident that I would be fine to be placed in any other operation area in the poultry slaughter house.

Skill Highlights

- Distribution and Warehousing
- Logistic Management
- Shipping and Receiving
- Adaptable
- Service-focused
- SAP
- Poultry Slaughter House Production
