Madiun, Jawa Timur

I am a graduate of Biology from Universitas Negeri Yogyakarta with a concentration in microbiology and environmental science. Experienced as a Laboratory Assistant Intern and Research Project Assistant. Interested in positions related to food, laboratory analyst, QC and QA. Have an understanding with GMP, HACCP, ISO 22000 dan FSSC 22000.

Work Experience

LPPMHP Dislautkan Yogyakarta - Yogyakarta, Yogyakarta

Oct 2021 - Nov 2021

Laboratory Assistant Intern

- Handled microbiology laboratory scale tests on fishery products, including fish and processed (frozen food) from contaminated bacteria (E. Coli, Salmonella sp., and Vibrio cholerae) with specific media and formalin (chemical) tests
- Conducted microbiological analysis using the Total Plate Number and Most Probable Number (Coliform) method
- Helped to prepare tools and materials such as growth media, analytical balance, autoclave, centrifuge, stomacher, biosafety cabinet, and waterbath
- Recapitulate data from fish and processed products test results

Universitas Negeri Yogyakarta - Sleman, Yogyakarta

Apr 2021 - Sep 2021

Research Project Assistant

- Helped the lecturer with research projects about the level of water pollution in the Potorono and Imogiri reservoirs
- Measured the quality of the waters in physical, chemical and biological
- Identification of the level of water contamination using plankton in laboratory
- Analyzed data using Ms. Excel

Education

Universitas Negeri Yogyakarta - Sleman, Yogyakarta

Sep 2018 - Jul 2022

Bachelor Degree in Biology, 3.66/4.00

Organisational

Koalisi Pemuda Hijau Indonesia - Yogyakarta, Yogyakarta

Jan 2020 - Jan 2021

Research and Development Staff

- Helped the chief of staff as secretary to write the results of the meeting with 11 other members
- Achievements during the organization are helping the ARTIKLOP program (KOPHI articles) on the official website, carrying out routine studies (presentation) on environmental issues every 2 weeks

Skills and Trainings

- **Hard Skills:** Microbiology Analysis, Laboratory Skills, Microsoft office (Word, Excel, Power Point)
- **Soft Skills:** Loyalty, Team Work, Individual and Fast-learner
- **Training:** GMP, HACCP, ISO 22000 and FSSC 22000
